REASSURANCE

SHARING WORDS OF REASSURANCE

PRESIDENT'S MESSAGE

This year we have been focusing on the theme of REASSURANCE. We all need words of reassurance. We believe those words when they come from someone we trust, someone who has our best interest in mind. The most precious words of reassurance come from Jesus Himself. Some of my favorite words of reassurance are found at the end of the Gospel of Matthew. Jesus says, "Lo, I am with you always, even to the end of the age" (Matthew 28:20 NKJV)

In this issue of HopeLink, I want to encourage you to share words of reassurance with others. You are probably aware of the troubling rise of domestic violence and suicide in the past few years. Many people are desperate, feeling hopeless. Their hearts are failing them for fear of what is coming on the earth. We have the opportunity and privilege of sharing words of reassurance with those who are struggling to find hope. We share because Jesus commanded us to share. We share because God's unfailing love and amazing grace isn't just for us—it's for them too, for the whole world.

One of my favorite programs on Hope Channel is TRANSFORMED. I'm always inspired when I hear testimonies of people who had almost lost all hope. Someone shared words of reassurance with them, perhaps while watching Bible HelpDesk, Let's Pray, Hope Sabbath School, or one of the many other programs on Hope Channel. As they watched and listened, the Holy Spirit brought conviction to their hearts. "These words are for you! God doesn't just love 'the world'. He loves you!" Hearing and believing those words of reassurance transforms lives by the power of the Holy Spirit.

Perhaps some of you have watched the TRANSFORMED testimony of Cipriano. At age 25, he was a full-blown alcoholic. In fact, he was dying. He asked to be discharged from the hospital so he could spend his final days at home. But his grandparents believed in a miracle-working God. They spoke words of hope to their dying grandson. They shared words of reassurance—if we confess our sins, Jesus is faithful and just to forgive us our sins and to cleanse us from all unrighteousness. Cipriano's grandfather gave him an old television,

hoping and praying his grandson could find some programs to distract him as he struggled to recover from delirium tremens (DTs), a direct consequence of his alcoholism. It was there Cipriano found Hope Channel. He learned of a Savior who loves him with an immeasurable, unfailing love. Cipriano found freedom, healing, and hope in Jesus.

There are so many, like Cipriano, who need to hear words of reassurance, words of hope. Will you accept the invitation of Jesus to share words of reassurance with those around you? One way you can do that is through your support of the global evangelistic media ministry of Hope Channel. With almost 80 channels, broadcasting in approximately 100 languages, God is using truth-filled programs on Hope Channel to share words of reassurance with millions around the world. People are learning of a better life for today and for eternity.

As we come to the close of another year, I want to express thanks to those of you who are Impact Partners with us! Your monthly gifts and ongoing prayers help us to share words of reassurance with millions of precious souls in more than 190 countries. If you have never become an active partner with us in mission, please prayerfully consider what the Lord would have you do as we come to the close of this year.

I will always remember a lady who came to my office and handed me a check for \$100,000. I was startled. I wanted to make sure she was in full control of

her faculties. She shared with me that she owned her own home, she had a regular pension, and all her material needs were cared for. She was just waiting for an opportunity to make a difference. And through that generous gift she made a difference for time and for eternity.

Soon we will see Jesus coming in the clouds of heaven. Then we will hear the most precious words of reassurance ever heard by human ears: "Well done, good and faithful servant. Enter into the joy of your Lord!" (Matthew 25:21 NKJV) and "Come you blessed of My Father, inherit the kingdom prepared for you from the foundation of the world." (Matthew 25:34 NKJV) What joy will fill our hearts! Home at last. Until that day comes, and I believe it will be soon, let's do all we can, by the enabling presence of the Holy Spirit, to share words of reassurance with those around us.

Derek Morris
President, Hope Channel International, Inc.

Help Hope Help You

Now is the time to lock in a generous
payout rate based on your age.

Your gifts make a difference and giving can still benefit you! While tax laws have changed, your support is needed more than ever. With your support we can achieve our mission. There are some easy ways that you can help us this year and make an impact on our work. Some of these gifts include benefits such as income and capital gains tax avoidance and lifetime income.

Contact us to learn more.

Impact Day 2022 in Silver Spring, MD

Chris Ngugi

During the summer of 2022, Hope Channel International (HCI) hosted “Impact Day,” the first of its kind, at our studio in Silver Spring, Maryland. The day was filled with presentations, prayer, pictures, and more! Attendees used words like “blessing,” “spirit-filled,” “personal,” “wonderful,” and “loving” to describe their experience. So, what exactly is Impact Day? According to HCI President, Derek Morris, these one-day events “present an opportunity to connect with our partners in mission who are watching Hope Channel programs and praying for our evangelistic media ministry.”

These are days filled with “exceptional reports, inspirational music, and great food,” says Community Development Coordinator, Miriam Taylor. She further stated that it was “a great opportunity to meet face-to-face with Hope Channel viewers and donors in our own studio, thus providing a custom, personal experience for attendees!”

At this first Impact Day, Hope Channel personalities, including Chris & Heidi Martin, Chris Holland, Season Cromwell, Rico Hill, and Derek Morris, delivered presentations. This event had a clear impact on both program attendees and presenters. President Derek Morris shared that he enjoyed making connections with those in attendance.

He also noted that the group in attendance seemed most impressed with seeing firsthand “the global impact of our network” and remarked that “people are encouraged and inspired” to see that “God is using our evangelistic media network to transform lives around the world!”

Director of Fundraising, Ronnie Mills, pointed to the “utter amazement and awe that people felt with all the things that God is achieving through Hope Channel.”

Put simply, he described the day as a highly spiritual event where individuals received exciting updates on HCI’s ministry. During the program, co-hosts of Let’s Pray, Season Cromwell and Christopher Holland, received prayer requests from attendees and prayed with them.

“The day gave everyone a moment to be open or vulnerable because every one of them came into the building that day with their own things that they were putting aside,” shares Cromwell. She had just shared her own personal conversion story.

Pastor Holland also referred to his “wonderful experience” during Impact Day and the opportunity it gave to connect with actual HCI viewers and supporters. He felt that it was, “spiritually uplifting and personally enriching to learn people’s life stories and the impact of Hope Channel on their lives.”

Rico Hill, producer of Living Free, declared that “The day was a complete success for the Lord,”

Director of Hope Media Productions, Kevin Christenson, introduced this e recently launched cinematic arm of HCI and gave sneak previews of shows such as Hope Under Siege,

featuring the collaboration of the Adventist Development and Relief Agency (ADRA) and Hope Channel in response to the crisis in Ukraine. He also gave a report on upcoming brands and programs that were in the pipeline.

Further, hosts of Wake up with Hope, Chris & Heidi Martin, remarked, “Impact Day impressed us in a unique way as it brought us into direct contact with viewers.” They presented at the event on this relatively new show that has been cultivating a community ready to “hear the word of God every morning” with viewers from Sacramento, California, to Mombasa, Kenya. They expressed that they were humbled to be used by the Lord, they said.

Attendees also expressed their gratification at being part of the mission endeavors of Hope Channel International as well as to be present at the event.

“I was able to see and connect with people I have been watching on Hope Channel up close and personal. Everyone is so loving, so Spirit-filled. And to pray for us, actually live right here in the studio... this was just a blessing,” said one attendee. (who from where?)

Hope Channel International continues to organize Impact Days across the United States. One more is open for registration for this year. Impact Day in Loma Linda is planned for December 11, 2022 with registration closing November 15, 2022.

We would love to meet you and have this experience with you. Join us for an impactful day!

For more information, visit HopeTV.org/ImpactDay.

Hope Channel attends ASI 2022

Chris Ngugi

From August 3 to 6, 2022, Adventists from different walks of life joined together at the annual Adventist-laymen's Services & Industries (ASI) Convention.

The ASI aims to support lay people who represent and partner with Christ in their daily lives. In fact, according to its website, ASI's motto is "Sharing Christ in the Marketplace" wherever that may be.

Why exactly was Hope Channel involved in this program? President of Hope Channel International (HCI), Derek Morris, says, "ASI is especially designed for self-supporting ministries, so... we want to help ministries maximize their mission impact."

To help different ministries maximize their impact, HCI aims to partner with self-supporting ministries like Amazing Facts and Light Bearers. These "strategic alliances", as Director of Fundraising, Ronnie Mills, states, are being used to further the mission of the kingdom of God.

Partnerships are just part of the abundance that came out of this event. As an ambassador for the exciting new things HCI is doing, Director of Planned Giving, Jason Miller, spent quality time building relationships and having "many conversations with people about their goals and desires."

The HCI booth at the convention showcased and promoted its various exciting developments, including the "Heroes" Bible trivia game! Mr. Miller stated that he "had a lot of fun demonstrating to kids, their parents and to others how the game worked and how they could learn more about the Bible while having a great time." Special prizes and Hope Channel promotional items were also shared with attendees.

Co-host of Let's Pray, Season Cromwell, said it was indeed "a blessing for other ministries and for families to see firsthand the expansion of Hope Channel International" especially in digitalization of its programs and new tools, such as the "Heroes" app!

Other meaningful activities undertaken by HCI at the ASI convention included seminars, presentations, networking mixers, and powerfully convicting presentations. Most importantly, there was prayer. While the technology and the treats at our booth were great, it was even more vital to have prayer and provide spiritual encouragement to individuals throughout the convention. The sentiment of all HCI staff who participated in the convention was that it was "a real blessing". And, indeed, it was!

INSIDE HOPE CHANNEL

Summer Student Intern Testimonies

Hector Ventura

My name is Hector Ventura and I am a senior at Southern Adventist University majoring in Business Administration. My experience at Hope Channel International (HCI) was very good and a blessing.

I walked into the HCI suite of offices in Silver Spring not knowing what to expect. As I walked through those doors, people were very welcoming. I was introduced to almost everyone and immediately felt a connection with each of them. I had a very positive experience working with them. My supervisor, Director of Analytics & Innovation, Philip Mathew, was a great mentor and he allowed me to get a feel for every aspect of HCI operations. Throughout the summer, I saw how much goes into the success of the organization; I did not realize that so much happens behind the scenes. I was glad that Hope Channel International gave me this opportunity, especially as it was my first real job. The experience has helped me grow as a person and as a future professional.

Moraya Truman

Over the past two months, I have been privileged to work at Hope Channel International (HCI) as a summer student worker. I worked with Social Media and

Content Specialist, Maharani Lumban-Gaol, providing assistance for the program, Bible HelpDesk. I was able to gain great experience in my intended field of study and have also developed great lifelong friendships through the positive environment at HCI.

Another wonderful aspect of this experience was the opportunity to attend the intern meetings where we gathered as a group and met and had lunch with one of the leaders of the General Conference of Seventh-day Adventist Church. It was incredible to learn more about the church's departments, as well as about the leaders themselves, while also being able to share amongst peers, ways to better reach young people. Not to mention, the food was also very good!

I would love to be able to work here again. The people I met enriched the experience and I was able to take a great step forward into adulthood. I am thankful to all of those who helped mentor and guide me in the right direction. As I start my freshman year of college at Andrews University, I feel mentally and spiritually prepared to face whatever may come my way.

Pocket Change

Sarah Fonseca, Fundraising Coordinator

What can you get for \$5?

These days, not too much. You may be able to buy a gallon of milk or a box of your favorite cereal. Until recently, \$5 barely even paid for a gallon of gasoline. With prices so high, \$5 may not seem like much and may even seem like pocket change. But that pocket change can be a priceless gift that shares God's immeasurable love with our viewers.

During our Impact Day events, we have a chance to personally meet our viewers in their local cities. What a blessing to see them face to face! Recently, one attendee made quite an impression. She was a sweet, elderly woman who was on a fixed income. After watching Hope Channel's presentations about upcoming programs, new initiatives, and stories of changed lives, she was moved and wanted to join the Impact Movement. This reminds me of the story of the widow's mite. Despite her poverty, the widow gave all that she had. God knows our hearts and sees our sacrifices. He takes whatever we can give—big or small—and is able to multiply the blessings.

Our Impact Partner's \$5 gift is just as

significant as any other gift that is 20 or 30 times that amount. You see, while \$5 may not make much of a difference when you're buying groceries, that "pocket change" can make all the difference in a viewer's life.

That \$5 can be the difference between someone finding Hope Channel or not.

One evening I came across [Hope Sabbath School] and was just moved, to say the very least! Now I look forward to watching it, and I will especially look forward to watching it on my tablet or computer now that I know how to watch the current study sessions." —Linda from North Carolina

That \$5 monthly gift can make a difference for someone who needs hope every morning.

"Wake up with Hope is the one program I put on for my 94-year-old grandma every day. Even though it's a much younger feeling show (so nice!), she relates and feels like you guys are her friends too. It's a great orientation for her to start the day, and the first thing we do. Hearing someone say, "Good

morning, happy Wednesday!" or "features on this day in history," and providing a morning devotional provides a great mental anchor for the day. Then we put the show's Bible verse of the day on her communication board in her room. I really appreciate that the shows are usually posted earlier than they are broadcast live Eastern Time, so it doesn't matter what time she wakes up, she can Wake Up with Hope right then. Thanks for the work you guys are putting into this! —Anonymous viewer

That \$5 gift can make a difference for someone who needs a place where they don't have to pray alone.

"Thanks to all my Let's Pray family for always praying on behalf of my daughter! It's a miracle for me—my daughter came back home last night! Thank you so much for all your prayers! God does answer prayers! I am rejoicing. God is a miracle-working God. Please continue to pray for her to give her life back to Jesus!" —Jennifer from Canada

Your \$5 can make a difference for someone who feels helpless and lost and stumbles upon channel 368 on DirectTV when they need to hear a message of freedom, healing, and hope in Jesus.

Your gift can make a difference for someone beginning their day with God, bringing prayer into a viewer's home when they need it most. It's not about the amount you give. We know God is certainly capable without us, but He wants to use you for the glory of His Kingdom.

I encourage you to take a moment and search your hearts to see if you can find any "pocket change" to make a difference in someone's life.

Thanks to the support of friends like you, Hope Channel offers a variety of programs that meet people where they are with God's good news for today and eternity; from interactive, in-depth Bible studies to a YouTube channel that parents can trust for their little ones, from programs on health to a video game app for youth. Your financial support will allow Hope Channel to keep producing and distributing these life-changing programs and much more.

Even if you are unable to financially give, you can still support the Hope Channel ministry. Take, for example, the Barnetts. They never miss an opportunity to share Hope Channel with strangers they meet on the street by passing out leave-behind cards that instruct people on ways to watch this Christ-centered network.

In fact, during our 2022 Celebration of Hope in Orlando, Florida, we saw this happen in real time.

One of our Hope Channel partners was riding in the elevator up to her room when she saw an opportunity to share Hope Channel with the other hotel guest in the elevator. She took out her leave-behind card that featured a QR code. The hotel guest immediately took out her phone, scanned the code, and was instantly connected to Hope Channel.

Just like the Barnetts and our partner at Celebration of Hope, you too can make an impact for the Kingdom of Heaven.

The invitation to join the Hope Channel ministry is not just for those who can give out of an abundance, but also for those who are willing to give with all their heart.

CALLED

Chris Ngugi

The mission of Hope Channel International (HCI) has always included reaching people virtually in innovative ways. We enhanced that mission at the 2022 CALLED Conference in Kentucky on June 19-22, 2022. CALLED is a four-day event for pastors, ministry leaders, and their families from the North American Division (NAD). The Conference invited HCI to participate by erecting two booths and by delivering a 75-minute presentation. In one of the booths, that was named the Tech Lab, two streaming services unique to HCI – Jetstream and Mission Passport – were introduced. These platforms both received overwhelmingly positive reviews from local pastors. We also promoted our fun Heroes Bible Game and shared information about hope.study, our free online digital Bible study platform.

“Effective media ministry is more important now than ever,” emphasized President of HCI, Derek Morris. His remarks were reflected in all that transpired at the convention. The Heroes Bible Trivia Game was showcased at one of the booths in the main exhibit hall. “We had a fantastic response. Many people came by to play, especially youth, and it was so amazing to see the way they engaged with the stories of the Bible. Super great response!” says Director of Digital Distribution, Justin Woods.

Tech Lab presenter and HCI consultant, Jonathan Burt, explained that the experience was especially rewarding for him as he had been to the convention

two times before but in the capacity of a pastor. This time he was able to use his gifts to bless people in another way. He witnessed pastors being “energized and enriched by what they were seeing”.

So, what were these pastors seeing? The HCI team developed the Mission Passport platform as a tool that would give pastors, in addition to other stakeholders, real-time data to help them understand their mission field and audience. Also, pastors could use Jetstream to manage and distribute media content with significantly more ease! Director of Analytics & Innovation, Philip Mathew, shared that pastors were particularly interested in the ability to livestream their services and events through the Jetstream tool. In fact, pastors could use Jetstream to create 24/7 streams, and they could easily distribute content on many different platforms.

These programs were created because “industry tools premiums were going up,” Mr. Burt stated, “and we decided we could do it ourselves.” After two years of development, this goal was realized. “While they can be sold in private secular markets for much higher prices, we wanted to make them available to local churches at lower prices. This mission has proven successful, with overwhelming support from pastors who continually visited the booths and were eager to test these programs in their local churches. In fact, we have begun a pilot program with 50 churches,” he added.

In the Footsteps of the Apostles

Chris Ngugi

From Patmos to Laodicea, the 2022 Hope Channel Study Tour was an adventure. The tour's 22 attendees were whisked away into what Director of Hope Media Productions, Kevin Christenson, described as "truly a once-in-a-lifetime experience." So, what was this experience, and why was it so impactful? The study tour, entitled "In the Footsteps of the Apostles", was an expedition to visit the Island of Patmos, Greece, the locations of the Seven Churches of Revelation in Turkey, and more! At the helm were a local Turkish guide as well as Dr. Michael and Giselle Hasel, who helped bring the stories of the Bible to life.

First stop: Istanbul. The foods, the smells, and the tastes of this historic

city filled the atmosphere with excitement and anticipation. The visit to the Hagia Sophia was one of the high points of the group's time in the city. This grand building has interchangeably acted as a cathedral, a mosque, and a museum over the past 1,500 years and is now a UNESCO World Heritage site. This was just the beginning of the journey. Next stop was Greece. The first Sabbath there was spent in reflection on the island of Patmos, visiting the cave where it is believed John received revelations from Jesus Christ. President of Hope Channel International Derek Morris, and tour host, remarked that "nothing [compared to] visiting the prison island of Patmos." He also stated that this part of the tour was "the most memorable".

The group also visited Miletus, a notable destination along Paul's historic missionary journey. Furthermore, the caravan was blessed with the opportunity to see the impressive Biblical site of Ephesus.

Mr. Christenson opined that his experience at the theater in Ephesus helped him to "begin to grasp how major the words of Paul and the influence of The Way were in this center of commerce." This was made evident to him through the merchants surrounding the theater, who, until now, sell trinkets and statues of Artemis to feed their families. Listening to the theater's excellent acoustics, one can imagine a frustrated and hungry populace shouting "Great is Artemis of the Ephesians!" While in Ephesus, the group also saw the historic city's beautiful terrace houses, famed library of Celsus, and even the Tetragonos Agora! They visited Pergamon, an ancient Greek and Roman city that is now the site of some of the most impressive archaeological finds in Turkey and the Middle East. Moreover, the group also toured the Biblical cities of Philadelphia, Laodicea, and Colossae, where Paul wrote his letters to the Colossians and Philemon.

So, what did the group think of the trip? We asked them, and this is what they said: "It is the best tour out there," it was "both educational and inspirational," and "it's the best value for your money, so filled with blessings and experiences!" It is clear that in this whirlwind of activity, one may come to more fully appreciate the suffering of Paul, impressive ancient architecture and the veracity of the Bible.

You can have the same experience with Hope Channel International! Next year we are going on two similar adventures to Egypt and Israel where you can walk

"In the Footsteps of the Patriarchs" from May 11-21, 2023, and "In the Footsteps of Jesus" from May 21 – June 1, 2023 respectively.

Click on www.HopeTV.org/StudyTours/ for more information.

Celebration of Hope Brings a Weekend of “Reassurance”

The Hope Channel International, Inc. (HCI) annual Celebration of Hope was held in Orlando, Florida on October 21 to 23, 2022 under the theme “Reassurance”.

The event was an uplifting one for Hope Channel supporters and viewers who enjoyed inspiring messages and received updates from HCI leaders and program hosts, including President Derek Morris.

Director of Hope Media Productions, Kevin Christenson presents exciting updates about the 3AM evangelism project.

Stirring musical performances were given by Michael Andrews, Neville Peter, Zina Johnson, and Jeremy Morada. (from left to right)

Director of Hope Media Productions, Kevin Christenson presenting the award to Robert and Anne Murphy

President of HCI, Derek Morris and Director of Fundraising, Ronnie Mills presenting the award to Weedman Barnett
